 GAR Commitment 2489

User Friendly is a high-gaining 208 son from the GAR program. A little larger in his outline, this bull lines up impressive stats for calving ease potential, and brings along super numbers for growth, milk and carcass traits as well. User Friendly ratioed 111 for both Weaning and Yearling in a pretty stout contemporary group. Sound at both ends, this youngster offers exciting potential to continue the legacy of his sire, New Design 208.

ANGUS

Retail Design 7AN263

- \$49.67 for \$B
- R.P. Son with High Scans for IMF and REA

Just like his name denotes, this new addition combines Retail Product and New Design to claim high projections for both IMF and REA, and he's backed up on the bottom by 6807 and Sasquatch. On his own, Retail Design ratioed 95 for BW, 154 for IMF and 112 for REA and his EPDs put him in the top 2% for IMF, top 5% for REA and top 1% for \$B. His data opens the door for heifer-acceptable birth weights, above-average growth and significant end-product returns.
