% Rank	25							10	15	15		

If you want easily-born calves with more rib shape than average, consider Vigor. He is average for frame size as a mature bull and ample in his base. This wide-body has earned a place as a sire of low birth weight offspring that excel for volume and dimension--Vigor delivers his own shape to his calves.

 Mature: 57.5 in.
 Bred by: Gill Red Angus, SD

- Top 1% for Both BW and CED
- Super Selection for Virgin Heifers

SPRING 2006 RED ANGUS SIRE EVALUATION REPORT												
TRAIT:	Growth					Reproduction				Carcass		
	BW	WW	YW	Milk	TM	CED	HPG	CETM	Stay	MB	REA	BF
EPD:	-7.6	+17	+38	+18	+27	17	13	5	9	-.11	-.31	-.03
Acc:	.76	.66	.57	.26		.34	.10	.25	.08	.41	.39	.29
% Rank	1					1	10					1

Custer offers an ultra-low birth weight EPD that's more than 8 lbs. under breed average. His pedigree traces twice to Heavenly, so he's bred to sire reliable cattle. With his CED and BW both in the top 1%, Custer claims a spot as a authentic heifer bull who can reduce calving woes and increase weaning percentage.
