

# GRAZINGPRO<sup>®</sup>

## Helping you maximize grazing success

GrazingPRO is designed for producers who utilize an intensive grass-based production system and want to improve profitability.

## Targeting the genetics important in grass-based systems

GrazingPRO sires transmit greater longevity, better mobility, moderate stature, high component yields and excellent fertility.

## Helping you keep an eye on DPR and SCS

Particular emphasis is placed on health and fitness traits, including Daughter Pregnancy Rate (DPR) and Somatic Cell Score (SCS).

\*Denotes NxGEN® Sires \*GrazingPRO and NxGEN are registered trademarks of Select Sires Inc. \*GForce, GForce+ and gender SELECTED are trademarks of Select Sires Inc. All gender SELECTED™ semen is processed with Ultraplus™ technology. Ultraplus is a trademark of STGen LLC. All Jersey bulls are BBR 100 and JH1F, except WAVE-PP and JX CURVE {6}-PP are JH1C. OLLYVER and KELSO are MW. All bulls qualify for semen export to Canada. Limitations and Conditions of Sale: gender SELECTED semen shall be used only for the single insemination of one female bovine during natural ovulation with the intent to produce a single offspring unless specifically approved on an individual customer basis by Sexing Technologies in writing. As a condition of purchasing gender SELECTED semen, the purchaser agrees that gender SELECTED semen will not be reverse sorted or re-sorted unless specifically permitted, in advance, on a case-by-case basis by Select Sires in writing. Select Sires intends to monitor the use of the gender SELECTED semen and vigorously enforce these restrictions on use. Please see <http://www.selectsires.com/designations/genderselected.html> for additional details. 7 = Select Sires, 14 and 614 = Accelerated Genetics, 250 = Generations, 585 = Very High Purity Semen; 9 = Universal Marketing Code
