

# CONVERT™ BIG CALF POWDER

The CONVERT™ BIG Calf Powder is a direct-fed microbial powder designed to be mixed in whole milk or milk replacer for calves from birth through weaning.

## Features and Benefits

- Beneficial bacteria to enhance intestinal integrity and nutrient absorption
- Beneficial bacteria to enhance immune function
- Beneficial bacteria and specialized proteins to reduce intestinal pathogen growth
- Enzymes to aid in digesta breakdown and nutrient utilization
- Egg-based specialized proteins to restrict pathogen growth

**USE DIRECTIONS** Mix BIG Calf Microbial Powder daily in whole milk or milk replacer at the rate of:  
1 g/calf/d or  
0.5 lb/227 calves/d

**PACKAGING** 12.5 lb pail (#3600) or 2.2 lb jar (#3625)

**STABILITY** Store in cool, dry place for use within 12 months of manufacture

**INGREDIENTS** Dextrose, Dried whey, Dried egg product, Silicon dioxide, Sodium aluminosilicate, Dried *Enterococcus faecium* fermentation product, Dried *Aspergillus niger* fermentation extract, Dried *Trichoderma reesei* fermentation extract, Dried *Aspergillus oryzae* fermentation extract, Dried *Candida cylindracea* fermentation extract, Dried *Lactobacillus acidophilus* fermentation product, Sodium propionate (a preservative), Dried *Bifidobacterium longum* fermentation product.

**GUARANTEED ANALYSIS**  
per 1 g Total microbial activity: 1 billion colony-forming units (*Enterococcus faecium*, *Lactobacillus acidophilus*, *Bifidobacterium longum*).
