

# MAXIMIZE COW PERFORMANCE™

## ACCEL MXL-600

*A feed additive formulated to combat the negative effects of out-of-condition feeds*

### RESEARCH-SUPPORTED FEATURES AND BENEFITS

Formulated with nutraceuticals, botanicals, antioxidants, enzymes and active aluminosilicates to assist animal performance during feed quality challenges or out-of-condition feeds

Neutralizes out-of-condition feed for improved dry matter intake

Assists in preventing oxidative stress and promotes liver function, improving its ability to detoxify

Prevents immunosuppression and maintains immune system competency

Maintains gastrointestinal tract integrity and nutrient absorption

Can be mixed into grain mixes or total mixed ration (TMR) feeding programs

### DIRECTIONS FOR USE

#### Group Application:

Accel MXL-600 can be mixed into grain mixes or TMR at the rate of 1 lb. per 12 head daily

#### Single Application:

Mix into single feeding at the rate of 1 1/3 ounces per head daily

### KNOW THE SIGNS OF OUT OF CONDITION FEEDS

- Reduced feed intake or excessive sorting
- Loose or inconsistent manure
- Caking of feed in storage units and unusual feed aroma
  - Visual signs of mold growth – colors can vary from white, pink, orange, yellow/green, blue/green, gray to black
- Reproduction concerns
  - Increased services per conception
  - False signs of estrus
  - Early to late term abortions
- Immunosuppression or low disease resistance
  - Cows taking a long time for recovery or antibiotics not producing a favorable response

### AVAILABLE PACKAGE SIZE

50 lb. bag  
Each 50 lb. bag of Accel MXL-600  
contains 600 feedings

Pallet = 40 bags (1 ton)

### STORAGE

Store in a cool, dry area for maximum stability  
Avoid leaving open for extended periods of time

### COMPANION PRODUCTS

#### Tri-Mic 1:50, Tri-Start and Accel-Fortifier 1:50

- Using these products along with Accel MXL-600 can assist animal performance when the immune system is challenged due to stress and/or out-of-condition feedstuffs
