All claims, representations, and warranties, expressed or implied, are made only by the manufacturer and not by Select Sires Inc. Updated: August 2017

## GIVE FRESH COWS A FRESH START

BioFresh® Plus Soluble is ideal for use in fresh cow drenching protocols or anytime a farm is experiencing metabolic disorders. A water dispersible powder that uses the same base ingredients as BioFresh® Bolus (proven effective to reduce LSCC\*), BioFresh Plus Soluble is also fortified with 54 grams of calcium propionate and 12 grams of niacin. University research shows a decrease in hypocalcemia (milk fever) when cows are dosed with calcium propionate at freshening and again 12 hours later. University research also shows a decrease in ketosis when cows are fed 12 grams of niacin during the 21-day pre-fresh period.

### RESEARCH

\*In a study conducted by Dr. K.W. Griswold, Southern Illinois University, it was proven that administering BioFresh Bolus for three consecutive days to cows with an initial LSCC > 5 caused LSCC to decrease one LSCC unit (200,000 somatic cells).

### USE DIRECTIONS

Mix three ounces of BioFresh Plus Soluble with a minimum of 10 ounces of water, per head being drenched. Continue this treatment for up to three consecutive days.

### ECONOMICAL

More economical than calcium gels.

### PACKAGING

100-dose pail (#11025), 50-dose foil packet (#11026), 3-ounce packets – 15 per box (#11027)

### STABILITY

Stable for two years. Store in a cool, dry place.

### INGREDIENTS

Calcium Propionate, Niacinamide, Dextrose anhydrous, Kelp, Vitamin E, Vitamin A acetate, Vitamin D3 supplement, Vitamin B7 (Biotin), Calcium pantothenate, Menadione sodium, bisulphite complex (Source of Vitamin K), Vitamin B12 supplement, Riboflavin, Thiamine mononitrate, Folic acid, Pyridoxine hydrochloride, Potassium chloride, Biotin, Silicon dioxide, Potassium iodide, Dried egg product, Zinc proteinate, Copper proteinate, Manganese proteinate, Cobalt glucoheptonate, Cobalt sulfate, Pyridoxine, Mineral oil, Potassium citrate, Vanilla and Milk flavor, Artificial sweetener, Sugars, Lactic acid, Citric acid, Acetic acid, and Benzoic acid.

### GUARANTEED ANALYSIS

(per 3 ounce dose)

Protease ( <i>Aspergillus oryzae</i> ).....	28,000 ug of protein hydrolyzed/minute/gm
Hemicellulase ( <i>Trichoderma reesei</i> ).....	12,000 ug of hemicellulose broken-down/minute/gm
Amylase ( <i>Aspergillus oryzae</i> ).....	6,000 ug of starch hydrolyzed/minute/gm
Cellulase ( <i>Aspergillus reesei</i> ).....	5,000 ug cellulose broken-down/minute/gm
Calcium Propionate .....	54 gm
Niacin.....	12,000 mg
